## HESC Development Academy Identification Sessions

### What is the Development Academy Program?

The Development Academy (DA) is a partnership between U.S. Soccer and 134 of the top youth clubs in the country to provide the best youth players in the U.S. with an every day environment designed to produce the next generation of National Team players. The DA's programming philosophy is based on increased training and less total games and that are more competitive.

The Academy also connects National Team coaches directly with the Academy clubs to develop and identify players and coaches for future Youth National Teams. Each Academy team is evaluated by a member of the Men's Scouting Network at least ten times each year and each Academy club receives two formal evaluations in over 100 categories each year from U.S. Soccer Technical Staff. The DA Program supersedes ODP, US CLUB ID2 camps, ODP Regional camps, and is the leading vehicle for scouting MLS players, youth national teams and college recruits.

### HESC Development Academy Identification Session

The HESC DA Identification Session is designed to identify elite youth players who have the ability and desire to compete against the best youth players in the country.

### About HESC

Since our founding in 1978, HESC has been dedicated to being a force in competitive soccer, and we know our success will ultimately be measured by how many players reach the highest level of competition. To accomplish this, our coaches use a development system that is fully in-line with the criteria established by US Soccer. We're committed to attracting the finest coaches in our region to further develop the HESC player talent pool. HESC is a proud member of the U.S. Soccer Developmental Academy.
